WELCOME TO

WEALTHX – 2.0

THE WAY OF SUCCESS

www.pro.wealthx.in

ABOUT WEALTH-X

WealthX - 2.0 is a **fully decentralized financial ecosystem** built on **blockchain technology**, ensuring fairness, transparency, and automation at every level. By eliminating intermediaries and relying on **smart contracts, WealthX - 2.0 provides users with a secure, efficient, and trustless environment** for financial transactions and wealth generation.

What Makes WealthX - 2.0 Unique?

Fully Decentralized & Transparent –

No central authority controls the platform. Every transaction is recorded on the blockchain, ensuring full transparency and immutability.

Smart Contract-Powered Automation –

Our system is entirely automated, operating through self-executing smart contracts that eliminate human errors, delays, or biases.

Security & Trust –

The WealthX - 2.0 smart contract is fully audited and verified by Solid Proof, a leading blockchain security firm. This ensures that the platform is free from vulnerabilities, providing users with maximum security and reliability.

Sustainable Earning Opportunities –

WealthX - 2.0 offers multiple ways to earn passive income through referrals. Whether you're an active investor or a passive earner, the ecosystem is designed to generate long-term financial growth.

SECURITY & SMART CONTRACT VERIFICATION

Before we dive into how WealthX - 2.O works, let's first understand the security features that make this system truly decentralized and trustless

Immutable Smart Contract:

Once deployed, the contract cannot be modified or controlled by anyone

Reentrancy Protection:

Prevents unauthorized withdrawals and hacking attempts.

Public Verification on BscScan

WealthX - 2. O smart contract is open for audit, ensuring complete transparency.

Automated Transactions:

No admin approval, no manual processing every transaction is automatically executed via smart contract
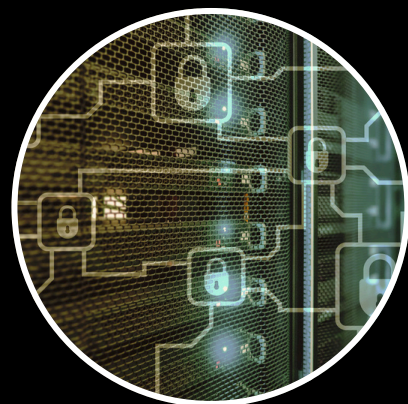

WHAT IS DECENTRALIZED PROJECTS?

Decentralized projects in blockchain refer to applications, platforms, or systems that operate without a central authority, leveraging blockchain technology to ensure transparency, security, and autonomy. These projects are a cornerstone of the decentralized ecosystem, fostering innovation in finance, governance, and more.

KEY CHARACTERISTICS OF DECENTRALIZED PROJECTS:

Decentralized Infrastructure

Operate on distributed etworks where data is stored across multiple nodes, reducing single points of failure.

Transparency

All transactions and operations are recorded on a public ledger, ensuring verifiability and trust.

Smart Contracts

Utilize programmable contracts that execute automatically when predefined conditions are met, eliminating intermediaries.

Autonomy

Governed by protocols or communities rather than centralized entities, often using governance tokens for decision-making.

Security

Data integrity and security are ensured through cryptography and consensus mechanisms (e.g., Proof of Work, Proof of Stake).

EXAMPLES OF **DECENTRALIZED PROJECTOR**

Decentralized Social Media

Lens Protocol – A blockchain-based social graph that allows users to own their social media content.

Mastodon – A decentralized, open-source alternative to Twitter (X).

Decentralized Cloud Storage:

Filecoin – A decentralized storage network where users can rent out unused storage space.

Storj – A blockchain-based cloud storage system that encrypts and distributes files across a decentralized network.

Decentralized Web & Browsing

Brave & Basic Attention Token (BAT) – A blockchain-powered browser that rewards users for viewing ads.

Holochain – A distributed computing platform for peer-to-peer applications.
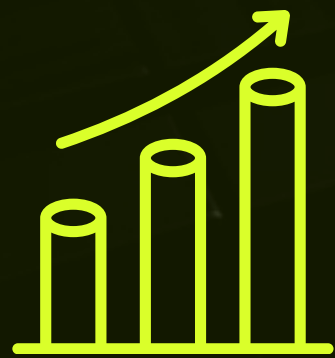

Decentralized Computing:

Golem – A decentralized network for sharing computing power.

iExec – A blockchain-based cloud computing marketplace.

CHALLENGES:-

Decentralized networks offer numerous benefits, such as transparency, security, and autonomy, but they also face significant challenges that hinder their widespread adoption. Below are four key challenges:

Scalability:

Complexity:

Regulatory Uncertainty

Security Risks

**Market Competition**

www.pro.wealthx.in

WHATS'S BSCSCAN

BscScan is a blockchain explorer and analytics platform specifically designed for the Binance Smart Chain (BSC). It functions similarly to Etherscan, but it focuses on the BSC network. BscScan allows users to explore and track blockchain data, verify transactions, and monitor smart contracts and wallet activity on Binance Smart Chain.

Key Features of BscScan:

Transaction Tracking:

View details of any transaction, including sender and recipient addresses, gas fees, block confirmations, and timestamps.

Token Analytics:

Explore and track BEP-20 tokens (the token standard for Binance Smart Chain) and their holders.

Smart Contract Interaction:

Verify and interact with smart contracts deployed on the BSC.
Audit and review source code of verified contracts.

Wallet Monitoring:

Check wallet balances and transaction histories.
View incoming and outgoing transfers.

www.pro.wealthx.in

Key Features of BscScan:

DApp Integration:

Many decentralized applications (DApps) rely on BscScan for data insights and transaction verification.

Network Statistics:

Access real-time data like gas prices, network usage, and total number of tokens or transactions.

Block Exploration:

Inspect recently mined blocks, including miner rewards and transaction counts.

www.pro.wealthx.in

HOW TO USE BSCSCAN:

Enter a wallet address, transaction hash, token contract, or block number in the search bar.
Navigate through various tabs for detailed analytics and insights.

BscScan is a critical tool for developers, traders, and investors working within the Binance Smart Chain ecosystem. It helps ensure transparency and enables users to verify blockchain activities effectively.

Key Points of Wealth-X

True Decentralization:
Ownership address was removed from the smart contract on the first day. No backdoors or centralized control, ensuring a 100% decentralized system.

Transparent and Open Source:=
Smart contract is open for public audit, guaranteeing transparency and trust. All rules and operations are immutable and written in the contract. Automated System:

Global Accessibility:
Operates without location-based restrictions (LOC), making it accessible worldwide.
Works seamlessly with Web3 wallets and decentralized applications (DARDS).

Fair and Equal Opportunity:
Equal participation for both active (working) and passive (non-working) users. Same rules apply to all users, ensuring fairness in earning and operations.

WEALTHX 2.0

Investment Model:

A one-time $100 investment from user assets to join the system. Additional investments are only required after earning profits.

Immutable Calculations:

No manipulation or changes to system calculations after deployment. Ensures consistency and reliability in operations.

Read and Write Features:

Users can both write to and read from the smart contract directly, empowering them with control and transparency.

Web3 Integration:

Fully functional within the Web3 ecosystem, accessible via DApps and Web3-enabled wallets.

$10 Referral Bonus (10%)

Referral Income is the **easiest and fastest way to start earning** in **WealthX 2. O**

- **Earn $10 for every direct referral.**
- **Unlimited direct referrals are allowed!**
- The more people you refer, **the more you earn instantly.**

This is a direct and simple way to boost your income without limits.

WEALTHX 2.0

www.pro.wealthx.in

$40 Booster Income Pool (40%)

WEALTHX 2.0

of every ID ($40 per user) is added to the Booster Pool.

Users must bring **2 direct referrals within 24 hours to qualify.**

50% of the pool is distributed daily among achievers, while **50% is carried forward to the next day's new achievers.**

Users **can earn rewards daily** as long as they qualify.

This ensures that those who actively contribute to the community receive continuous rewards.

No Limits on Booster

www.pro.wealthx.in

$25 2X Ensure Pool Fund (25%)

The **Ensure Fund Pool** provides financial stability for users until they reach a **$200 cap.**

25% of every ID ($25 per unit) is added to the 2X ensure Pool

- Each user deposit**s $100 in BEP20 USDT** into the Ensure Pool within **24 hours.**
- The user remains **eligible until they earn $200** from this pool.
- Once the $200 cap is reached, the user **must redeposit $100** to continue earning from this pool.
- A daily capping of 5$ in ensure pool.

THIS ENSURES A CONTINUOUS INCOME FLOW FOR ALL PARTICIPANTS
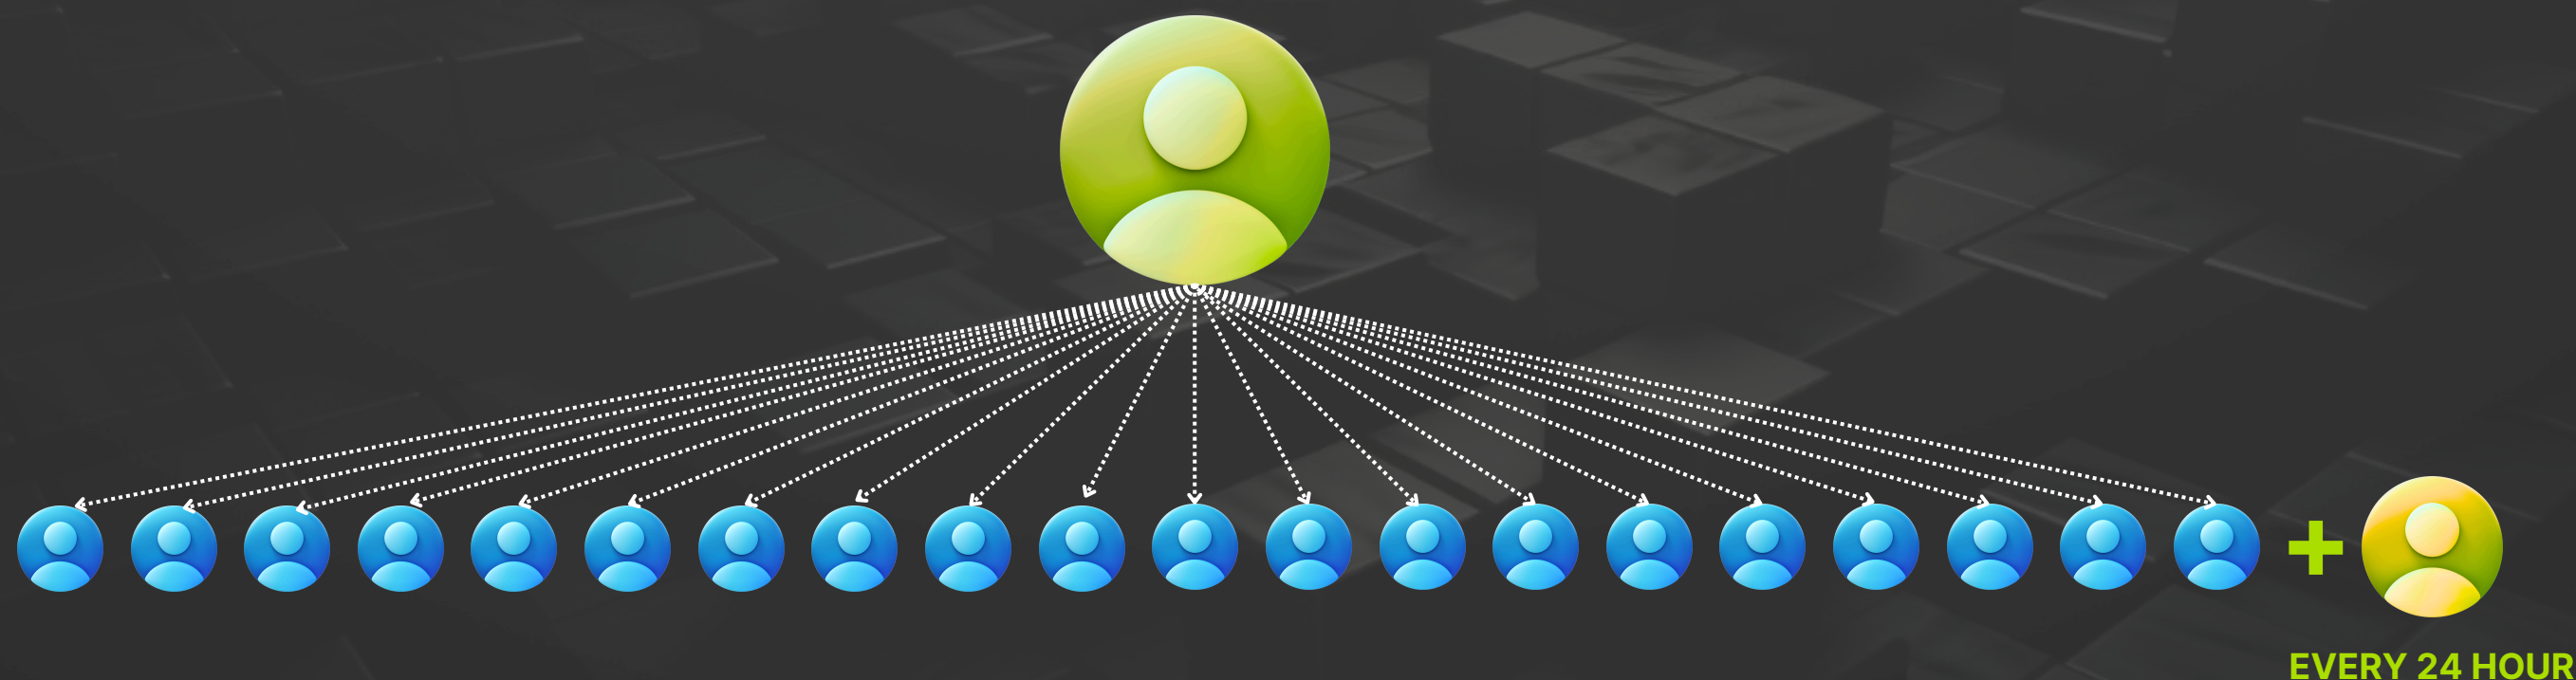

www.pro.wealthx.in

$20 Leadership Pool (20%)

- The **Leadership Income Pool** is for users who **actively build teams.**
- Users **deposit $20** in BEP20 USDT into this pool within **24 hours** to become eligible for income distribution

WEALTHX 2.0

www.pro.wealthx.in

Leadership Star Levels & Earnings: $20

WEALTHX 2.0

A. Star 1 ⭐ **40% - $8** **$50 Claimable in 24 hours**

Requires **20 direct referrals.** Earn **$250**. You must add **1 new direct referral within 24 hours** to remain eligible.

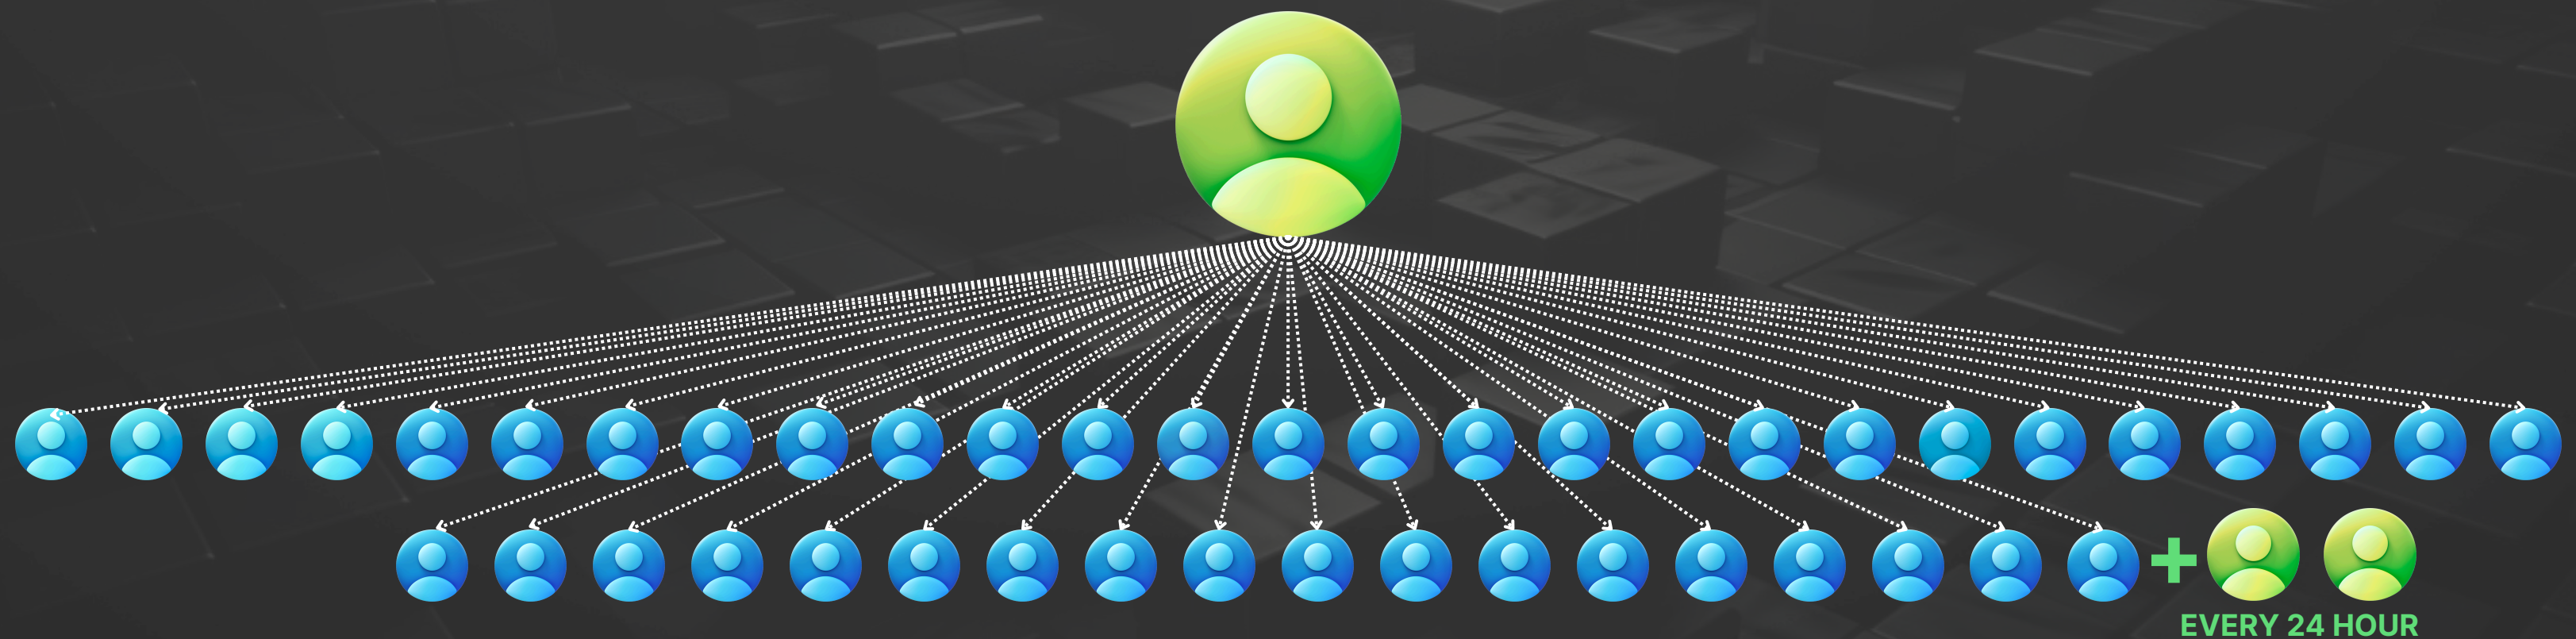

EVERY 24 HOUR

EARN $ 250

If users **fail to meet the referral requirement**, they are **temporarily removed** from the pool until they qualify again

This system **ensures that leadership rewards go to active users** who are continuously building their teams.

www.pro.wealthx.in

Leadership Star Levels & Earnings: $20

B. Star 2 ⭐⭐ **25% - $5** **$100 Claimable in 24 hours**

Requires **45 direct referrals**. Earn $500. You must add **2 new direct referrals within 24 hours** to continue receiving earnings

+ EVERY 24 HOUR

EARN $ 500

If users **fail to meet the referral requirement**, they are **temporarily removed** from the pool until they qualify again

This system **ensures that leadership rewards go to active users** who are continuously building their teams.

www.pro.wealthx.in

Leadership Star Levels & Earnings: $20

WEALTHX 2.0

C. Star 3 ⭐⭐⭐ 20% - $4 **$150 Claimable in 24 hours**

Requires **70 direct referrals.** Earn **$750**. You must add **3 new direct referrals within 24 hours** to maintain your earnings.

**+** **EVERY 24 HOUR**

EARN $ 750

If users **fail to meet the referral requirement**, they are **temporarily removed** from the pool until they qualify again

This system **ensures that leadership rewards go to active users** who are continuously building their teams.

www.pro.wealthx.in

Leadership Star Levels & Earnings: $20

D. Star 4 ⭐⭐⭐⭐ 15% - $3 **$200 Claimable in 24 hours**

Requires **100 direct referrals.** Earn **$1000**. You must add **4 new direct referrals within 24 hours** to keep earning

+ **EVERY 24 HOUR**

EARN $ 1000

If users **fail to meet the referral requirement**, they are **temporarily removed** from the pool until they qualify again

This system **ensures that leadership rewards go to active users** who are continuously building their teams.

WEALTHX 2.0

Royalty (5%)

The Royalty Bonus is a lifetime reward for users who achieve certain milestones

- **Self ID 4 Star Status Required**

- **Diamond 1 Rank:** Requires 2 direct referral with 4 Star Status. Earn 40% ($2 per reward). **$50 Claimable in 24 hours**

- **Diamond 2 Rank:** Requires 4 direct referrals with 4 Star Status. Earn 60% ($3 per reward) **$100 Claimable in 24 hours**

This passive income source ensures long-term earnings for committed users

How to Withdraw Your Earnings?

One of the biggest advantages of WealthX 2.O is its instant withdrawal system

Here's how you can withdraw your earnings in just three simple steps :

1. Visit the WealthX - 2.O Dashboard.
2. Click on 'Claim Bonus' to withdraw your earnings.
3. Receive BEP20 USDT instantly in your Web3 wallet!

There are no delays, no admin approvals – just instant,
automated payouts!

WEALTHX 2.0

www.pro.wealthx.in

10% Deduction on Each Reward

It is important to note that a **10% deduction applies to every reward amount you receive in WealthX - 2.0**

This deduction is essential to maintain the **sustainability of the system** and ensure that earnings continue to be **fairly distributed among all participants.**

For example:

- If you earn $250, you will receive $225 after a 10% deduction.
- If you earn $500, you will receive $450 after deduction after 10% deduction.

This ensures **long-term stability and continuous rewards for all members** within the **WealthX - 2.0 ecosystem**

WEALTHX 2.0

Start Your WealthX-2.0 Journey Today!

WealthX - 2. O is more than just a smart contract – it's a financial revolution!

Whether you are an **experienced investor** or someone looking for a **secure way to earn passive income, WealthX-2. O** provides an **equal opportunity for all.**

Now is the time to take control of your financial future! **Join today, connect your Web3 wallet, and start earning in a fully automated and transparent blockchain ecosystem.**

The future of wealth creation is here—**be part of it!**

WEALTHX 2.0

www.pro.wealthx.in

Terms &Conditions

A USER CAN ONLY RECEIVE THE BOOSTER INCOME ONCE A DAY.

USE OF WEB 3 WALLETS

(Trust Wallet, Token Pocket, MetaMask)

To participate in Wealth X 2.0, you must use a Web 3 wallet, such as Trust Wallet, Token Pocket, or MetaMask. These wallets are specifically designed to handle cryptocurrency transactions and connect with decentralized applications (dApps).

2. FEES & TOKEN REQUIREMENTS

USDT BEP-20 You need to hold USDT (Tether) in the BEP-20 format. BEP-20 is a token standard used on the Binance Smart Chain (BSC).

$5 in BNB for Fees In addition to the USDT, you must have at least $5 in BNB (Binance Coin) in your wallet to cover the transaction fees. BNB is used for paying network fees on the Binance Smart Chain.

www.pro.wealthx.in

WEALTHX 2.0

3. P2P CROWD FINDING PLATFORM:

This platform appears to be a crowd-funding platform where users can join to either invest, raise funds, or participate in some other capacity. It seems that you can earn rewards or royalties based on your participation in the platform.

4. ROYALTY FOR SELF-USERS (4 STAR REQUIRED):

For those who participate actively, there's a mention of earning royalties. It seems that self-users (individuals who directly engage with the platform) need to maintain a 4-star rating in order to qualify for these royalties.

This may refer to the platform's system of rating users based on their engagement or contributions, and a 4-star rating could unlock additional benefits.
status or rating within the platform, but it isn't fully explained here.

GENERAL TERMS AND CONDITIONS:

Users are required to agree to certain terms and conditions before engaging with the platform. These would cover all the legal and operational guidelines, including how transactions are processed, what fees apply, and what behavior is expected from users.
